

As a resident of the community, K-LOVE is an important part of life for us now. It is a form of positive influence for my entire family. A loss of this positive influence would effect our family in a very negative way. Please do not remove K-LOVE for a LPFM station that is of no value to our community. It is in the community's best interest to continue to hear the positive message that K-love is sending over the airwaves. Thank you for allowing me and my family to speak on this issue.

Ben, Tammy, Alisha, Brock and Carson Pletcher
